Springer

European Journal of Applied Physiology

Founded and edited 1928 by E. Atzler and M. Rubner under the title *Arbeitsphysiologie, Internationale Zeitschrift für die Physiologie des Menschen bei Arbeit und Sport*, Vol. 7–10 (1939) edited by E. Atzler; Vol. 11–26 edited by G. Lehmann alternately with A. Bethe, E. H. Christensen, O. F. Ranke, and S. Ruff. Title of the journal from Vol. 16–31 (1955–1973): *Internationale Zeitschrift für angewandte Physiologie einschließlich Arbeitsphysiologie*. Journal title from Vol. 32–82 (1973–2000): *European Journal of Applied Physiology and Occupational Physiology*. Edited by H.G. Wenzel (1973–1977), P.R. Davis (1978), W. Isselhard (1978–1998), R. Goldsmith (1979–1994). Since 1998 (Vol. 79) edited by P.E. di Prampero. Title as of Vol. 81 (2000): *European Journal of Applied Physiology*. Springer-Verlag.

Submission of a manuscript implies: that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis); that it is not under consideration for publication elsewhere; that its publication has been approved by all co-authors, if any, as well as by the responsible authorities at the institute where the work has been carried out; that, if and when the manuscript is accepted for publication, the authors agree to automatic transfer of the copyright to the publisher (society); and that the manuscript will not be published elsewhere in any language without the consent of the copyright holders.

All articles published in this journal are protected by copyright, which covers the exclusive rights to reproduce and distribute the article (e.g., as offprints), as well as all translation rights. No material published in this journal may be reproduced photographically or stored on microfilm, in electronic data bases, video disks, etc., without first obtaining written permission from the publisher.

The use of general descriptive names, trade names, trademarks, etc., in this publication, even if not specifically identified, does not imply that these names are not protected by the relevant laws and regulations.

While the advice and information in this journal is believed to be true and accurate at the date of its going to press', neither the authors, the editors, nor the publisher can accept any legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special regulations for photocopies in the USA: Photocopies may be made for personal or in-house use beyond the limitations stipulated under Section 107 or 108 of U.S. Copyright Law, provided a fee is paid. All fees should be paid to the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA, stating the ISSN 0301–5548, the volume, and first and last page numbers of each article copied. The copyright owner's consent does not include copying for general distribution, promotion, new works, or resale. In these cases, specific written permission must first be obtained from the publisher.

The Canada Institute for Scientific and Technical Information (CISTI) provides a comprehensive, world-wide document delivery service for all Springer-Verlag journals. For more information, or to place an order for a copyright-clearad Springer-Verlag document, please contact Client Assistant, Document Delivery, Canada Institute for Scientific and Technical Information, Ottawa K1A0S2, Canada (Tel: 613-993-9251; Fax: 613-952-8243; e-mail: cisti.docdel@nrc.ca).
